

Duppini Art Group Bulgaria is pleased to announce

## **OPEN CALL 2025 – THE UNCHARTED**

The fourteenth edition of the International Gabrovtsi ART–NATURE Symposium 2025 is entitled "THE UNCHARTED"!

Contemporary art increasingly serves as a bridge between nature, culture, and cultural heritage, exploring the interactions that take place within a specific region. It plays a crucial role in the revitalization of rural areas and encourages local communities to embrace a greener future.

With the theme "**THE UNCHARTED**," Duppini Art Group examines the relationship between humans and nature in the context of the pre-mountain village of Gabrovtsi.

We invite participants to rediscover this interaction as an essential force in shaping human life. This challenge is extended both to ourselves and to our guests. Exploring perceptions, interconnections, and sensations representing "**the uncharted**"—the new perspectives on the relationship between nature and society.

## **OPEN CALL**

Addressed to visual artists and researchers from Bulgaria and abroad, working in the field of land art, site-specific art and nature art. There are no restrictions about the media used in their art practices (audio and video formats, photography, sculpture, objects, installation, action, performance, etc.).

**Deadline for application: May 4, 2025**

**Artist's fee: 600lv**

## **STATUTE**

International Gabrovtsi ART-NATURE Symposium is one of its kind in Bulgaria - a free forum for artists from around the world, working in the fields of nature art, land art and site-specific art. The symposium is annual cultural event, held since 2012.

This year is its fourteenth edition, entitled "THE UNCHARTED".

International Gabrovtsi ART-NATURE Symposium is an event that contributes to the establishment of Veliko Tarnovo city and Gabrovtsi village on the world art scene. An event with sustainability that wins trust and is permanently present in the Cultural Calendar of the Municipality of Veliko Tarnovo. Gabrovtsi ART-NATURE Symposium is an event that enriches the local audience and cultivates empathy for global art trends and environmental issues.

Since 2015, the symposium has been located in the old labor school "Maxim Gorky". The new place is also a factor for creative realizations that resonate with the specific spaces and the institutional history of the building. This new environment provokes artistic projects with new points of view, close to site-specific installations.

## **OBJECTIVES OF THE SYMPOSIUM**

- Creating an environment for multicultural dialogue, exchange of good practices and initiation of creative processes.
- Generating new art works, inspired by the specific location of the symposium and presenting them to the public.
- Development of an eco-friendly open-air sculpture park in Gabrovtsi Village.
- Providing an opportunity for integration of art students in the professional artistic community.

## **DURATION and LOCATION**

Beginning: June 30, 2025

End: July 12, 2025 (Open Door Day)

International Gabrovtsi ART-NATURE Symposium 2025 is held in Gabrovtsi Village, 20 km from the town of Veliko Tarnovo. The small village is located along the river Enyovitsa and offers a kind of privacy. Duppini Art Center is the main location for all editions of the symposia since 2015 – it is the social and working site for the symposium. It houses a rich collection of sculptures, paintings, collages and installations from the Fund of the Duppini Association. Duppini Art Center is a shared space with a strong identity, provocative environment and own history.
